

## FLYING PARSON GOES TO NASHVILLE

Clouds Prevent Him From Taking Pictures.

Lieut. Belvin W. Maynard, the "Flying Parson," left the North Side Driving Park field Wednesday afternoon for a short fly over the city with the intention of taking pictures, but on account of the rain was unable to accomplish his mission. At 2:10 he took off for Nashville.

The parson was a guest of Mrs. Emily Pidgeon and Miss Helen Lenow and Cordelia Jett during the morning when he was motored to Riverside park and the Country club. He was then taken to Overton park where he compared the Memphis zoo very favorably with the larger ones he has visited. After lunch he was introduced before the Kiwanis club at the Hotel Gayoso.

## ADVOCATES OFFENSIVE WARFARE BY CHURCH

"The power of the church is in its offensive warfare," declared Evangelist W. D. Parrish in his sermon at Central Cumberland Presbyterian church Wednesday night. He represented the church as an attacking force. "Upon this rock will I build my church," was his text.

"When Jesus said: 'The gates of hell shall not prevail against it,' He did not mean that the church was secure against the attacks of hell, but that hell was not secure against the attack of the church," the evangelist said. "Flesh and blood can not reveal to us the divinity of Jesus Christ," he further remarked. "No organization denying the divinity of Christ should be recognized as a Christian church. The divinity of Jesus is revealed to the Christian by the third person in the Trinity, so if we do not recognize the divinity of Christ it is good evidence that the spirit has not operated upon our lives."

In substance he said further: "The laws of our land give civil protection to our lives and homes are seated and founded in the very bosom of God, and have brought to the front and taught through all ages through the church. Therefore every person living in this God-fearing country and enjoying the civil protection of its laws is under everlasting obligation to the church whether he acknowledges it or not."

One member was received into the church. Special music was rendered by a trio, R. A. Walker, D. B. Price and W. M. Woody.

## Old-Time Virtues Evangelist's Plea In Revival Sermon

Dr. E. E. Hendrick preached an interesting sermon at the Court Avenue church Wednesday night to an increased audience on "The Old-Fashioned Home." He made a strong plea for old-time virtues that sent great men out from homes, and said that the home should be made more attractive so that the gross habit of seeking diversion and recreation elsewhere might be changed, and that the good old feeling of content at one's own fireside be revived.

The expressions on the part of the congregation showed that his hearers were in perfect accord with his ideas as to the desirability of having everyone feel that the home was still the best place on earth. Mrs. J. L. Motte rendered very effectively "Can a Boy Forget His Mother's Prayers," and will sing Thursday night by special request, "My Mother's Prayer." Dr. Hendrick will preach Thursday night on "A Big Business Man Who Miscalculated." The public is invited.

## WINDS AND RAIN GIVE CITY UNPLEASANT DAY

High winds, accompanied by rain Thursday gave Memphis its first disagreeable weather for several days. The wind, while not recorded as reaching a high velocity, played havoc with awnings and also broke several large plate glass windows on Main street. A rate of about 25 miles an hour with a few gusts, when the speed was considerably higher was registered by the weather bureau wind recorder during Wednesday night.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back Hurts Or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in the urine so it no longer causes irritation, thus ending bladder weakness.
